

MASE

Workshop Internac. MASE

“Smart Cities -Smart Buildings – Smart Public Spaces” – ARQ 3009 OPR 5 creéd.

Preparación Ago – Sep. / Lunes – mód. 1

Workshop Santiago: August 6th - 28th .

Profs. Mark Burry / Rafael Moya

Colaboran: Doctorado FADEU / Do! Smart Cities

This studio is an intensive course of one month that seeks to promote among participants the development of innovative proposals within the framework of several scales around Smart Cities for the current context and challenges present in Chile. The course will have professor Mark Burry, Director of Smart Cities Research Institute, Swinburne University as invited professor to run a workshop as final part of this course. The final goal of this course is to share and extend the knowledge about Architecture and Smart Cities Strategies for Chilean context and establish creative synergies among the participants. Therefore, the course is opened to invite students from other universities.

Mark Burry

Professor Mark Burry is the Foundation Director of Swinburne’s Smart Cities Research Institute..
